

Errata to February 2016 Printing

Floor Deck Catalogue
Composite and Non-Composite Deck for floor and roof deck applications

The on-line electronic version of the catalog has been updated with the following corrections to the February 2016 printing of the ASC Steel Deck Floor Deck catalog.

Correction:

Pg.58 Table: Reactions at Supports (plf) based on Web Crippling

- Bearing lengths of webs for ASD design methodology are corrected from 1" 1.5" 2" and 3" to 1", 2", 4"and 6"
- Bearing lengths of webs for LRFD design methodology are corrected from 1" 1.5" 2" and 3" to 1", 2", 4"and 6"

Sincerely,
Sreelatha Nandivada, P.E.
Engineer
